

THE TRUTH ABOUT PROP HH

1. IT'S IS A HUGE TAX INCREASE THAT ENDS TAXPAYER REFUNDS.

- Within a few years, taxpayers will no longer get checks like the \$750 checks they got last year. The state will simply keep the money, effectively increasing state taxes by up to \$12.5 billion over the first decade.

2. IT ALLOWS THE STATE TO CONTINUE KEEPING REFUNDS FOREVER WITHOUT ADDITIONAL VOTER APPROVAL.

- The measure initially lasts 10 years, but the state can extend that indefinitely without asking voters. Over 30 years, state taxes will increase by up to \$200 billion.

3. IT WOULD RESULT IN THE LARGEST PROPERTY TAX INCREASE IN STATE HISTORY THIS YEAR.

- In future years, property taxes will continue to grow at the same rate they would without the measure.
